

We are making contact with Parish Councils to raise our profile in the local area.

For over 12 years since ‘*Junction 5 Money Advice*’ has been serving the community both in Hook and surrounding parishes in Hart and Rushmoor offering free, confidential, non-judgemental advice to anyone experiencing financial difficulties.

Our advice includes such areas as handling household budgeting, credit card bills, multiple debt problems, negotiations with creditors, benefit entitlements, court proceedings, etc. We are members of *Community Money Advice* who offer expert help in setting up and running debt advice centres. We are regulated by The Financial Conduct Authority

The charity is “staffed” by seven volunteers who are trained and have the required compassionate and listening skills and work on a rota covering our sessions that run on a Monday evening and Wednesday afternoon. Two advisers always see clients together. Potential clients should telephone or email us and we arrange a pre-booked appointment time

It would be appreciated if you could publicise us locally in your area, perhaps by providing a link on your website or including us in your local publications
