

# **Equine Pasture Management Event**

**A FREE interactive workshop**  
**with Elizabeth Ranelagh, author of Managing Grass for Horses: The Responsible Owner's Guide and**  
**Simon Draper, agronomist.**

**Thursday 18th January 2018**  
**6pm – 9pm**  
**Refreshments available from 5.45pm**

**Mapledurwell Village Hall, Greywell Road, Mapledurwell,**  
**RG25 2LS**

Organised by the Loddon Farm Advice Project with funding from the Environment Agency, this free event will look at different aspects of equine pasture management including:

- How grasslands work; enhancing and managing them under different conditions.
- Choosing a seed mix with equine welfare in mind.
- Prevention and control of injurious plants.
- Good Agricultural and Environmental Condition (including hedgerows, watercourses, manure management)

The talks will be followed by the opportunity for questions and informal discussion.

**Booking is essential. To book please contact Amanda Ingham on 01256 381017 or email [amanda.ingham@hiwwt.org.uk](mailto:amanda.ingham@hiwwt.org.uk)**

The Loddon Farm Advice Project is delivered by Arcadian Ecology and Consulting, a wholly owned subsidiary of Hampshire & Isle of Wight Wildlife Trust, with funding from Affinity Water, South East Water and Catchment Sensitive Farming.
